"Try not to become a man of success, but rather try to become a man of value." - Albert Einstein

About

I'm a passionate software engineer, which has over time gained more and more of an interest for both software architecture and security. I'm both curiosity and challenge driven, as well as a honest and calm type of a person.

Having a high motivation and learning capacity I aim to continuously improve myself both personally and professionally, either through self-conducted R&D activities and/or by taking several *Massive Open Online Course* (MOOC).

With a can-do attitude, I can easily adapt and overcome adverse situations, having performed during stress situations as employee of different companies. Nevertheless, working in a healthy and innovative work environment is certainly desirable.

My areas of expertise are the following:

- Software Development
- Software Architecture
- Software Security

Professional Experience

 $\begin{array}{c} \text{Jun 2015} \\ \rightarrow \text{ present} \end{array}$

Product Security Lead, Coriant, Inc., Portugal

As a Product Security Lead I'm in charge of:

- Product security related processes development (most of them from scratch), such as vulnerability and *Open Source Software* (OSS) management
- Defining product security requirements
- Determine impact and approve product features
- Elaborate architectural and security specifications/documents
- Oversee product development activities
- Promote both security awareness and secure standards
- Provide technical support to clients as well as internal staff/colleagues

Additionally, have successfully mentored a MSc student throughout his thesis on "Preventing DoS attacks in multi-domain optical SDN".

Tech & Tools

Python, Java, Vert.x, JavaScript, React, JSON, Docker, REST, git, Nessus, Word, Excel, Jira, Confluence

Apr 2013 \rightarrow present

Lead Software Engineer, Coriant, Inc., Portugal

As a lead software engineer i am in responsible for:

- Development, design and overall product/software architecture.
- Review and implementation of unit, integration/e2e tests

	 Provide support for system architects during product features and requirements definitions Cooperation between different teams and products 	
Technologies	Java SE8, Spring Boot, Apache Kafka, Apache Zookeeper, jUnit, Maven, git	
$\begin{array}{c} \operatorname{Jan}\ 2013 \\ \to \operatorname{Apr}\ 2013 \end{array}$	Software Engineer, Nokia Siemens Networks, Portugal	
Technologies	Developed software for the Optical Networks area, focused on Routing and Wavelength Assignment (RWA) algorithms. Java SE7, EMF, Ecore, jUnit, jBoss, OSGI, SVN	
$\begin{array}{c} \text{Jul 2012} \\ \rightarrow \text{Dec 2012} \end{array}$	Full Stack Software Developer, Maxdata Informática, Portugal	
7 500 2012	Developed a major and innovative IT solution for health institutions. Focusing on core business work-flows and usability.	
Technologies	Google Web Toolkit (GWT), Java SE6, Spring, Hibernate, JavaCC, JJTree.	
$\begin{array}{c} \mathrm{Sep}\ 2011 \\ \to \mathrm{Jun}\ 2012 \end{array}$	Trainee, Maxdata Informática, Portugal	
	Developed an Epidemiological Surveillance IT solution, providing a dynamic and elastic software for both prevention and infection control. This topic was also the target of my MSc thesis.	
	Additionally, I've done a security audit targeting a in-house developed CRM software.	
Technologies	GWT, Java SE6, Spring, Hibernate, JavaCC, JJTree.	

Professional Certifications

Dec/2016 | Oracle Certified Associate, Java SE 8 Programmer (1Z0-808)

Education

$2010 \rightarrow 2012$	MSc in Computer Science - Computer Systems, Architecture and Networks, Fac-
	ulty of Sciences of the University of Lisbon, Portugal.
$2005 \rightarrow 2010$	${\bf BSc\ in\ Computer\ Science,\ Faculty\ of\ Sciences\ of\ the\ University\ of\ Lisbon,\ Portugal.}$

Free Courses (MOOCs)

$\begin{array}{c} \mathrm{Sep/2016} \rightarrow \\ \mathrm{Oct/2016} \end{array}$	Functional Program Design in Scala, École Polytecfacehnique Fédérale de Lausanne.
$\begin{array}{c} \mathrm{Jun/2016} \rightarrow \\ \mathrm{Jul/2016} \end{array}$	Functional Programming Principles in Scala, École Polytechnique Fédérale de Lausanne.
$\begin{array}{c} Jun/2015 \rightarrow \\ Aug/2015 \end{array}$	Software Security, University of Maryland.
$\frac{\text{Sep/2014}}{\text{Dec/2014}}$	Programming Cloud Services for Android Handheld Systems, University of Maryland.

$\frac{\text{Mar}/2014 \rightarrow}{\text{Jun}/2014}$	Programming Mobile Applications for Android Handheld Systems, University of Vanderbilt.
$\begin{array}{c} \mathrm{Dec}/2013 \rightarrow \\ \mathrm{Feb}/2014 \end{array}$	Creative, Serious and Playful Science of Android Apps, University of Illinois at Urbana-Champaign.
$\begin{array}{c} \mathrm{Jun/2013} \rightarrow \\ \mathrm{Aug/2013} \end{array}$	Malicious Software and its Underground Economy: Two Sides to Every Story, University of London.
$\begin{array}{c} Jan/2013 \rightarrow \\ Mar/2013 \end{array}$	Cryptography I, Stanford University.
$ \begin{array}{c} \operatorname{Jan/2013} \to \\ \operatorname{Mar/2013} \end{array} $	Building an Information Risk Management Toolkit, University of Washington.
$\begin{array}{c} \operatorname{Jan/2013} \to \\ \operatorname{Mar/2013} \end{array}$	Information Security and Risk Management in Context, University of Washington.

Personal projects

Most of my pet projects are publicly available at https://github.com/davidafsilva. The main technologies you'll find are Java and Python. I have also contributed to some open source projects, such as Vert.x and Homebrew.

Technologies

My main programming language is Java, specifically the SE flavour. Nevertheless i am also fluent/have had experience with other programming languages such as C, Python, JavaScript.

Regarding other stacks, i have experience, either professional or through pet projects with:

```
Spring Boot, Vert.x
 Frameworks
   Rel. DBs
              Oracle SQL Server, MariaDB, MySQL, H2
NoSQL\ DBs
              CouchDB, Redis, MapDB
        VCS
              CVS, SVN, Git
 Build Tools
              Ant, Maven, Gradle
Deploy Tools
              Docker
              Jenkins, Travis-CI
          CI
Code Quality
              JaCoCo, Codecov, Coveralls
Issue Tracker
              GitHub, BitBucket, Jira, Trello, Redmine
```

Languages

Portuguese	Native
English	Fluent
